Mayor's Cup Basketball League

User Manual

Web-based league management with public viewer, team-manager portal, and full admin suite. Includes per-match live streaming via Agora, real-time score board, season bracketing, and announcement feeds.

Roles

Role	Capabilities
Public Viewer	Browse teams, players, schedule, bracket, standings, and announcements without an account.
Team Manager	Manage own team's roster, view schedule, view standings, edit own profile/password.
Admin	Full league control: teams, divisions, players, matches, season canvas, users, announcements, broadcaster role for live streams.

Match Status Workflow

Matches transition through five statuses. The displayed status is computed at read time so that 'started' is derived automatically when the current wall-clock hour matches the schedule:

- **Planned:** Match created without a schedule yet.
- **Scheduled:** Schedule set, not yet within the start hour.
- **Started:** Schedule hour is current; live stream not yet started.
- **Live:** Broadcaster is live. Score board is editable by admin.
- **Ended:** Admin clicked 'End Match'. Score is final and locked.

Default Credentials (dev seed)

Passwords are stored as bcrypt hashes (cost 10). The seed inserts these accounts; if a user changes their password via /settings, the seed default no longer works.

Role	Username	Email	Password
admin	admin	admin@league.test	admin123
team_manager	sharks_mgr	manager@league.test	manager123
team_manager	warriors_mgr	warriors@league.test	manager123
team_manager	eagles_mgr	eagles@league.test	manager123
team_manager	bulls_mgr	bulls@league.test	manager123

Walkthrough

Sign In

Sign in

Single login screen for both Admin and Team Manager. Public viewers can browse without an account using the 'Browse without an account' link. Latest announcements are previewed below the login card.

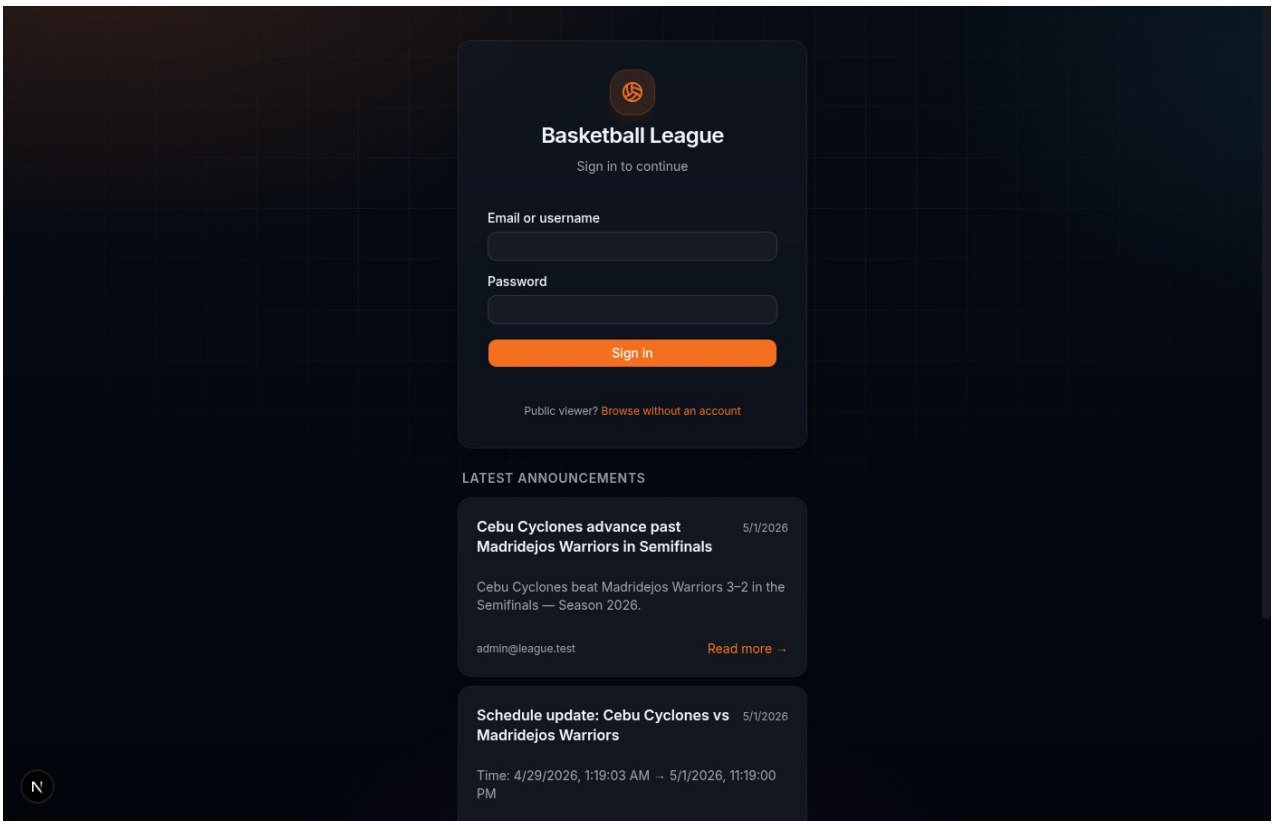

Figure 1 of 23: Sign in

Public Viewer

Public home (Mayor's Cup landing page)

Public landing showing season title, summary tiles for total Teams and Matches, an Upcoming Matches list, and a 'View Standings' shortcut. Top nav has Dashboard / Teams / Schedule / Standings links open to public viewers.

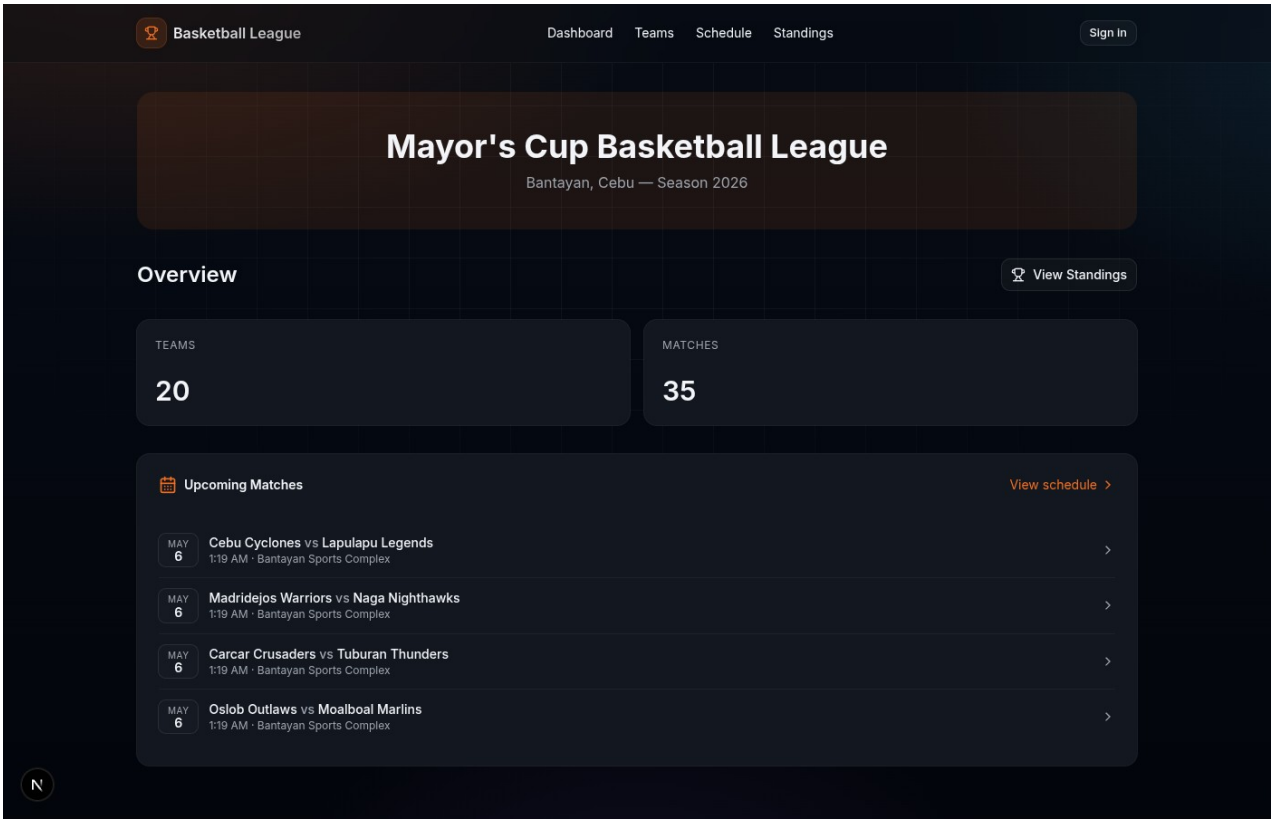

Figure 2 of 23: Public home (Mayor's Cup landing page)

Public teams (grouped by division)

Read-only view of all league teams grouped by division (East, North, South, West). Each card shows the team logo, name, and creation date. Click a card to open the team's roster.
